

THE FUTURE OF 10 & UNDER TENNIS IS NOW! ARE YOU READY?

Join a QuickStart Workshop Today!

The fastest growing sport in America is being driven by a breakthrough change in teaching methodology for kids aged 10 & under, that you and your staff should know in order to run a successful tennis program this year. These methods adapt the court lengths and ball types in an age appropriate fashion which accelerates the learning process and makes tennis more exciting for kids.

Why Attend a QuickStart Workshop?

- 1) Participants will learn activities for athletic development, skills and games that are specific to young children
- 2) Training is conducted by a highly qualified national trainer in an active, fun and safe environment
- 3) Discover ways to teach groups of kids actively without lines, lectures or laps
- 4) Every participant receives written resources for model practices and sample balls designed to make learning easier and fun.

Host a workshop with your courts and 20 participants! Select the date, time and location and the USTA will provide the materials, trainer and reimbursement.

Join a QuickStart Workshop today to get and keep more kids in your programs!
